I don't think there's anything good about being near-sighted. When you go to the pool or the beach, you can't see any of the girls in their bikinis! Darn it! Quickly, I'll put on my glasses, but it'll turn out that the girl is actually an old lady! Then I'll take my glasses off as quickly as I can. This happens to me quite often. Once, I went to a mixed-bathing hot spring but I couldn't see anything because I wasn't wearing my glasses! It made me want to cry. Darn this near-sightedness! Everyone please take care of your eyes.

—Akira Toriyama, 1987

Artist/writer Akira Toriyama burst onto the manga scene in 1980 with the wildly popular **Dr. Slump**, a science fiction comedy about the adventures of a mad scientist and his android "daughter." In 1984 he created his hit series **Dragon Ball**, which ran until 1995 in Shueisha's bestselling magazine **Weekly Shonen Jump**, and was translated into foreign languages around the world. Since **Dragon Ball**, he has worked on a variety of short series, including **Cowa!**, **Kajika**, **Sand Land**, and **Neko Majin**, as well as a children's book, **Toccio the Angel**. He is also known for his design work on video games, particularly the **Dragon Warrior** RPG series. He lives with his family in Japan.

STORY AND ART BY
AKIRA TORIYAMA

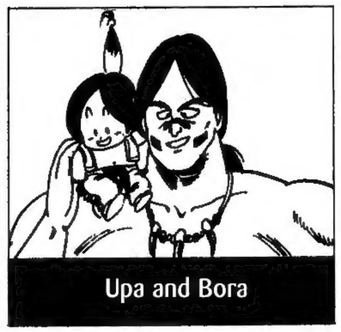
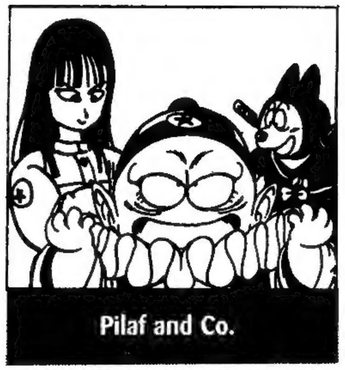
Upa and Bora
A father and son who lived in the area around the Karin Tower. When Bora was killed by Taopaipai, an assassin working for the Red Ribbon Army, Goku vowed to gather the Dragon Balls and wish him back to life.





Pilaf and Co.
A little emperor who wants to get the Dragon Balls so he can wish to rule the entire world.

Tsuru-Sen'nin
(The "Crane Hermit")
Tenshinhan • Chaozu
The rival of Kame-Sen'nin, Tsuru-Sen'nin is a mighty martial artist himself. Chaozu and Tenshinhan are his pupils.

Kame-Sen'nin
(The "Turtle Hermit")
A lecherous but powerful martial artist (also known as the *muten-rôshi*, or "Invincible Old Master"). He taught Goku the *kamehameha* attack. In disguise as "Jackie Chun," he narrowly defeated Goku at the "Strongest-Under-the-Heavens" martial arts tournament.

Legend says that whoever gathers the seven magical "Dragon Balls" will be granted any one wish. Son Goku, a young boy from the mountains, first heard the legend from a city girl named Bulma. After many adventures with Bulma, Goku decided he wanted to be stronger, and so he trained under Kame-Sen'nin, the great martial artist. With his new strength he defeated the evil Red Ribbon Army, who had killed many people, including Upa's father Bora. Goku swore to Upa that he would gather the Dragon Balls to wish his father back to life. With the help of the All-Seeing Crone, Goku found the last missing Dragon Ball...in the hands of his old enemy Pilaf!

THE MAIN CHARACTERS

Son Goku
Monkey-tailed young Goku has always been stronger than normal. His grandfather Gohan gave him the *nyoibô*, a magic staff, and Kame-Sen'nin gave him the *kinto'un*, a magic flying cloud.

Bulma
A genius inventor, Bulma met Goku on her quest for the seven magical Dragon Balls.

Yamcha
Yamcha used to be a desert bandit, but he went to the city to be Bulma's on-and-off boyfriend. He uses "Fist of the Wolf-Fang" kung-fu.

Lunch
A strange woman whose personality changes whenever she sneezes.

Kuririn
Goku's former martial arts schoolmate under Kame-Sen'nin.

True Story— "ME BACK THEN"

By Akira Toriyama

ICED COFFEE.

One hot summer day, I drove it, cool as could be, to a tea shop.

HEY, HEY, HEY!

Back then, I was young... in spirit at least...so I bought a racing bike.

I was so puffed up that I thought I'd give them all a little cool exhibition...so I knocked the iced coffee back and strutted outside.

HEH HEH HEH...

WHOA-- NICE CHOPPER--

I listened with shameless pride to what the other customers were saying about my bike... which of course I'd parked right outside the window...

UGH! UGH! PIECE OF JUNK!

...and it wouldn't start. No matter how many times I stepped on the pedal, the engine wouldn't start!

SHOOSH

KCHH

Feeling their eyes on me through the window, I straddled the bike...

There was another time when, after visiting a certain friend, I ended up lamely kicking the pedal for 10 minutes after saying "good-bye"... before it finally turned over.

...frantically pushing the bike forward with the leg that was hidden from the shop window.

LA-DI-DA ♪

This is utterly uncool (I thought to myself). So I pretended that the engine **had** started, and pulled away...

I don't have that bike any more...

But I do have **another** flashy bike that starts more easily....
